Tools for Talking

WHEN STAKES ARE HIGH

Crucial Conversations is a two-day course that teaches skills for creating alignment and agreement by fostering open dialogue around high-stakes, emotional, or risky topics—at all levels of your organization. By learning how to speak and be heard (and encouraging others to do the same), you'll begin to surface the best ideas, make the highest-quality decisions, and then act on your decisions with unity and commitment.

What Is a Crucial Conversation?

A crucial conversation is a discussion between two or more people where the stakes are high, opinions vary, and emotions run strong. These conversations—when handled poorly or ignored—lead to strained relationships and dismal results.

What Does Crucial Conversations Training Teach?

Crucial Conversations teaches participants how to:

- **Speak persuasively**, not abrasively
- **Foster teamwork** and better decisionmaking
- **Build acceptance** rather than resistance
- **Resolve individual and group disagreements**

Organizational Benefits of Crucial Conversations

Fortune 500 organizations around the world have turned to the award-winning Crucial Conversations Training to improve bottom-line results like quality, efficiency, satisfaction, safety, etc. Results include:

- **Productivity & Quality.** Sprint Nextel saw a 93 percent improvement in productivity and a 10 to 15 percent improvement in quality, time, and cost
