

Digital Banking – The Journey of Digitalization & Financial Inclusion

Jessen VALAYTHEN
CEO
NanoBNK Ltd

With more than **15 years'** experience in **Technology & Digitalization** in Mauritius & Africa, Mr Jessen VALAYTHEN is the **CEO/CTO** of NanoBNK, specialising in bridging the gap between the Banks and the Unbanked population.

A **Software Engineering** degree holder from University of Technology, Mauritius (UTM), Oracle Certified Associate and Oracle HRMS Certified Implementation Specialist, Mr VALAYTHEN has designed large implementations in Mauritius and African regions in the Banking and Telco industries involving **Digital Transformation, Digital Banking, Mobile Payment & Robotics Process Automation**. He was previously the **General Manager** of Anglo-African Consulting Ltd and a **Software Engineer** from SIL.

He spearheaded the successful delivery of several **Digital Transformation projects** that earned NanoBNK a finalist place, at the Finance for the Future awards 2018 in the "Innovative Project Awards" category, from institutions such as **ICAEW & Deloitte**.

FinTech4.0 Expert, Technology & Digitalization Specialist
