Eshan AMIRAN

CEO
EAC Ltd

FinTech & Digitalization 5.0 Thought Leader

Eshan AMIRAN is a seasoned financial services technologist specializing in financial process reengineering and automation, has successfully implemented seven core banking systems across 3 countries (Mauritius, Madagascar & India), with complex interfaces and international connectivity – especially multichannel customer touchpoints, including mobility-based. He was a senior management executive at one of the big banks in Mauritius and resigned from his position as IT Head in 2017 to operate as an IT Consultant.

With more than 38 years of working experience, Mr AMIRAN has a BA Hons eBusiness from the University of Huddersfield. A certified Program-Project Manager, he led a 250-strong team to implement 26 applications simultaneously using a big bang approach across 2 countries Mauritius & Madagascar, ranging from core banking systems – retail & corporate, Cards System, Digital Banking, CRM, Credit Rating & Scoring, e-Commerce, Datawarehouse, HRMS, etc. The implementation also included the associated data centres, network and IT security revamp.

Led Business-IT Core Banking Transformation Programs, he was part of the team that had implemented the first online, real time system in Mauritius. Change-managed business-technology transition from manual, semiautomated, automated to a single integrated solution.
