I40 BLUEPRINTING

The 2-day Industry 4.0 Blueprinting Conference, officiated by the Honourable Vice Prime Minister, Mrs Fazila JEEWA-DAUREEAWOO, was held on 26-27 September 2018, attended by about 200 local and international participants from all sectors and industries. About 15 Distinguished Speakers – from Europe, Asia, USA, Africa and Mauritius, and 34 local and international Panellists engaged and deliberated on the best way forward to transform and create

Call for Action to craft the Industry 4.0 (I40) Plan in the Leadership 4.0 Workshop programme focusing on I40 Blueprinting received local and international multi-industry participation supported by the PMO, and arguably the largest gathering of key I40 Thought Leaders and Distinguished Speakers from Europe, Asia, USA & Africa. Follow-up 26 October 2018 Masterclass promises implementation insights for organizations that have crossed the I40

The Conference has 5 high interactive and intense 270-min Panel sessions covering 76 key areas of interest in the following tracks:

- Business 4.0, chaired by Team SYNthesis CEO, Chee-Peng TAN
- Industry 4.0, chaired by MITIA President, Dev SUNNASY
- Technology 4.0, chaired by Harel Mallac Technologies GM, Shateeaum SEWPAUL
- Human Capital 4.0, chaired by ex MauBank CEO, Sridhar NAGARAJAN
- Socio-Economic Development 4.0, chaired by EDB Chairman, Charles CARTIER.

Uniquely organized with Industry 4.0 (I40) mobility-based delivery mechanism, leading local and international I40 practitioners deliberated and shared the lessons learnt from successful I40 initiatives around the world which would enable the participating companies to commence their planning activities with hindsight, insights and wisdom.

The follow-up 26 October 2018 I40 Implementation Masterclass will assist the participating companies to fine-tune their I40 implementation Plans in their endeavor to be I40-ready by 2025. The time is **HERE** and **NOW!**

INDUSTRY 4.0

CONFERENCE

26-27 September 2018, Mauritius

Mauritius & Africa 4.0

I40 MASTERCLASS

The 1-day Industry 4.0 Implementation Masterclass was held on 26 October 2018, attended by about **50 local and international participants** from all sectors and industries. Facilitated by two seasoned industry practitioners, the insights from successfully implemented I40 projects were shared, deliberated and incorporated into the best way forward to transform and create **Professional 4.0, Workforce 4.0, Process & TOM 4.0, Organization 4.0** and **Mauritius 4.0**.

Call for Action to implement the crafted Industry 4.0 (I40) Plan in the Leadership 4.0 Intermediate Masterclass drawing on successful I40 Implementation insights received local and international multi-industry participation from Mauritius, Malaysia, India and Singapore. This annual Implementation Masterclass will feature more i40 success stories in its next edition on **26 September 2019 (KL) & 25 October 2019 (Mauritius)**.

The Masterclass covered the following key implementation considerations:

- Strategy 4.0, facilitated by Team SYNthesis CEO, Chee-Peng TAN
- Process 4.0, facilitated by Team SYNthesis CEO, Chee-Peng TAN
- Technology 4.0, facilitated by Aethis CEO, Marc ISRAEL
- Human Capital 4.0, facilitated by Team SYNthesis CEO, Chee-Peng TAN
- Action Plan 4.0, facilitated by Team SYNthesis CEO, Chee-Peng TAN

With Industry 4.0 (I40) **mobility-based** delivery mechanism, the following areas were discussed, deliberated in breakout sessions and objective evidence provided:

- Current Focus & Future Trends
- Value Driver, Challenge & Approach
- Three Case Studies highlighting successful outcome
- Lessons Learnt (Challenges & Insights)
- The Humanizing Approach.

The next edition of this annual event – the **25 October 2019 I40 Implementation Masterclass** - will further assist the participating companies to **fine-tune their I40 implementation Plans** in their endeavor to be **I40-ready by 2025**. The time is **HERE** and **NOW!**

INDUSTRY 4.0

Masterclass

26 October 2018, Mauritius

Industry 4.0 – Fundamental Shift in the way we Live, Work & Interact

10%

Industry 4.0 is here and now. Traditionally, organizations which have great leaders are more able to anticipate emerging challenges, more inspiring in leading the organizational changes and more successful in translating strategies into realities. We are living in exponential times where intensifying changes occur at an exponential speed:

- The estimated 4 exabytes of unique information to be generated this year exceed the previous 5,000 years
- Fortune survey found that just 10% of well-planned talent management programmes will prepare the desired **Future 4.0 Leaders**.

While jobs are destroyed, there are instances of larger job creation. The answer needs to be the triumph of hope over fear. How we respond now – the **Line in the Sand** – will baseline our future growth and successes.

Transformation 4.0 – Are We Ready?

Mauritius 4.0 ecosystem, in the context of IOR 4.0, Africa 4.0 & World 4.0, must respond to the megatrends of futuristic digital transformation which are causing profound shifts across all industries. Accelerated effort is required, since most companies are estimated to be at **Industry 2.5/3.0**, to focus on bridging the gap, leveraging on the unknown and yet constantly emerging and meaningful exponential technologies.

Industrial companies are transforming into fully digital enterprises, utilising big data, reducing costs on product development and placing massive emphasis on customer integration into industrial digital ecosystems (**Digital FTZ**).

Customers want a unique experience, forcing businesses to understand their individual pains and tailor products/services specific to what they need.

Successful businesses anticipate change, develop bespoke digital products in the **Digital Factory** with agility and maximise their business growth.

Leadership 4.0 – Quo Vadis

5% 33% 500B 1T

Immense Leadership Impact especially on digital readiness and competencies of leaders. Being digitally sophisticated means having:

- digital IQ**, agility/mobility leadership and culture
- data sciences
- innovative, customer-centric & personalized / individualized business models & collaboration (customer-specific adaptation).

Working in highly vertical-horizontal networked ways, with high risks/high rewards outcome, **Industry 4.0 Leaders** need to:

- Understand & leverage on big data and analytics (**learning & acquiring intelligence**)
- Incorporate IoT experience (**multitude of integrated channels/devices to communicate & interact**)
- Leverage on dynamic mobile devices (**natural effective direct information exchanges**)
- Focus on **strategic value creation** (leveraging on automation/robotics/additive manufacturing to work for you, thus enabling teams and organizations to think more strategically)
- Adopt **quick-to-market, cost-effective** cloud usage (use cloud-based secured solutions).

With Talent Readiness less than 5%, and Organization Advanced Preparation less than 33% in a **Digital Economy** of US\$500B Annual Digital Revenue and almost US\$1T Annual Industrial-sector Digital Technology Investment, **Leadership 4.0** readies the employees to drive the required organisational change by changing mindset, and harnessing diversity to achieve superior performance.

LEADERSHIP 4.0

CONVERGENCE, DIGITALISATION & TRANSFORMATION

**1-DAY LEADERSHIP 4.0
INTERMEDIATE PROGRAMME
INDUSTRY 4.0 IMPLEMENTATION MASTERCLASS
Malaysia: 26 SEPTEMBER 2019**

Review progress, **benchmark** against other successful business cases & **discuss** Implementation-focused **Crucial Enablers** with Industry 4.0 experts and industry peers.
